**THE WORLD AGRICULTURAL OUTLOOK BOARD  
(WAOB)**

The World Agricultural Outlook Board coordinates USDA's agricultural outlook and situation analysis to ensure its objectivity and accuracy. The Board also coordinates USDA's weather, climate and remote sensing activities. With the U.S. Department of Commerce, it co-operates a Joint Agricultural Weather Facility to monitor weather and assess its impact on U.S. and world crops.

**NATIONAL AGRICULTURAL STATISTICS SERVICE  
(NASS)**  
USDA South Bldg., Washington, DC 20250

The National Agricultural Statistics Service collects data on crops, livestock, poultry, dairy, chemical use, prices, and labor, and publishes the official USDA State and national estimates through its Agricultural Statistics Board. There are nearly 400 reports annually covering domestic agriculture, such as estimates of production, stocks, inventories, prices, disposition, utilization, farm numbers and land, and other factors. The 45 field offices serve all States and collect and publish local information on these topics.
